A QUESTION OF SCALE

“Imagining a cooperative, community-led approach to regional resilience”

Tuesday September 22nd 2020 from 13:30 to 16:30

SCALE being the acronym for **Supply Chains and Local Economies**

‘A Question of Scale’ is a conversation in the context of global vulnerabilities and challenges - climate, pandemic, risks to supply chain, jobs, etc - that will....

- identify ‘Blockers & Enablers’ to a cooperative, community-led approach to regional resilience;
- secure local supply chains and strengthen regional economies;
- outline the benefits of regional economies (especially, but not limited to, the agri-food sector);
- encourage cooperative effort in local production for local need;
- identify the potential for livelihoods in our regions (with a focus on the midlands).
