ABOUT OUR SPEAKER

Donna Mullen:

Donna gave the original talk on bats to some members of **Connecting Cabra**, a group that is seeking to engage and empower as many people as possible to build a low-carbon, sustainable community in Cabra, Dublin 7.

Chair of Green Foundation Ireland, Donna is an environmentalist and works as an ecologist, drawing up nature trails and sustainability plans. Her work involves spending many happy hours surveying buildings for bats, and she helped draw up the guidelines on bat surveys for the Heritage Council (Traditional Farm Building Scheme). She is a founder member of both Bat Conservation Ireland and the Irish Environmental Network, and has also served on the board of the Irish Wildlife Trust.

ABOUT OUR WORKSHOP

Some members of **Connecting Cabra**, a group that is seeking to engage and empower as many people as possible to build a low-carbon, sustainable community in Cabra, Dublin 7, had already attended a talk about bats and these people were supplied with bat box kits to make up before 22 May 2022. Although it was originally planned to make these in their homes, Connecting Cabra decided, in conjunction with **Cabra Men's Shed**, to ask one of their local schools, St. Finbarr's Boys National School, if they would be interested in helping to build the bat boxes.

A huge thank you is due to the Principal Maeve Daly, and to the [boys who carried out this task](#) under supervision of their teacher.
